

Falcon for Insurability

Get cyber insurance-ready with CrowdStrike products and services

Ransomware attacks can make it harder to qualify for cyber insurance

A dramatic increase in ransomware and other disruptive cybersecurity attacks has taken a toll on victim organizations and the cyber insurance community as a whole.

Insurance providers now have higher-than-ever expectations when it comes to organizations meeting the requirements for a cyber insurance policy, and organizations of all sizes will need to show they are taking necessary steps to improve their security posture.

CrowdStrike cybersecurity solutions reduce risk for organizations of all sizes

In today's threat landscape, information security leaders should enhance their cybersecurity controls with modern endpoint security solutions if they want to obtain or maintain a cyber insurance policy.

CrowdStrike has redefined security with CrowdStrike Falcon®, the world's most advanced cloud-native security platform. The Falcon platform is recognized by insurance providers for delivering next-generation antivirus (NGAV), endpoint detection and response (EDR), identity threat protection, threat intelligence, threat hunting, and IT hygiene solutions that lower the risk of a breach and help pave the way for cyber insurance.

Choose from one of CrowdStrike's **Falcon product bundles (Falcon Go, Falcon Pro, Falcon Enterprise or Falcon Elite)** or benefit from a fully managed detection and response (MDR) solution with **CrowdStrike Falcon® Complete**.

Key benefits

- **Reduces cyber risk:** The CrowdStrike Falcon platform reduces the risk of your organization getting breached
- **Fits organizations of all sizes:** CrowdStrike offers Falcon bundles and solutions that can scale for an organization of any size
- **Helps enable cyber insurability:** The Falcon platform is recognized by leading cyber insurance carriers as a next-generation cybersecurity solution that is capable of reducing cyber risk and stopping breaches
- **Provides preferred CrowdStrike Falcon pricing:** Get discounted pricing for Falcon platform subscriptions through your insurance carrier

<p>This fully managed detection and response (MDR) solution, delivered as a service, stops breaches every hour of every day, through expert management, threat hunting, monitoring and remediation.</p>			
Cyber Threat Risk Evaluation			
<p>If you are unsure which cybersecurity solutions and controls you may need to have in place to obtain a cyber insurance policy, CrowdStrike Services can assist you with an evaluation of your cyber threat risk profile.</p>			

Why choose CrowdStrike?

- Named a leader in The Forrester Wave™: Endpoint Security, Q4 2023
- Named a leader in the 2022 Gartner® Magic Quadrant™ for Endpoint Protection Platforms
- Named a leader in Frost & Sullivan's 2022 Frost Radar™: Global Cyber Threat Intelligence
- Ranked #1 for Modern Endpoint Security Market Share for the third consecutive time by IDC
- Zywave Cyber Risk Award Winner Cyber Technology Provider of the year 2022 and 2023

About CrowdStrike

CrowdStrike (Nasdaq: CRWD), a global cybersecurity leader, has redefined modern security with the world's most advanced cloud-native platform for protecting critical areas of enterprise risk — endpoints and cloud workloads, identity and data.

Powered by the CrowdStrike Security Cloud and world-class AI, the CrowdStrike Falcon® platform leverages real-time indicators of attack, threat intelligence, evolving adversary tradecraft and enriched telemetry from across the enterprise to deliver hyper-accurate detections, automated protection and remediation, elite threat hunting and prioritized observability of vulnerabilities.

Purpose-built in the cloud with a single lightweight-agent architecture, the Falcon platform delivers rapid and scalable deployment, superior protection and performance, reduced complexity and immediate time-to-value.

CrowdStrike: We stop breaches.
